Fesca, Friedrich Ernst (1789–1826), German composer and violinist. He showed early musical talent and had violin lessons with the theatre musician Lohse and studied theory with J. F. L. Zachariä and composition with F. A. Pitterlin in Magdeburg. In 1805 he went to Leipzig to study composition with A. E. Müller and to serve as solo violinist in the Gewandhaus Orchestra. In February 1806 he became chamber musician in the Duke of Oldenburg's chapel. Early in 1808 he joined the celebrated court chapel of Jérôme Bonaparte, who resided as King of Westphalia in Kassel. There he wrote the first of his string quartets and symphonies (which were published later), whose performances achieved considerable success. At the same time his public performances became less frequent because of a serious lung disease. After the dissolution of the court at Westphalia in 1813 Fesca was engaged as first violinist at the chapel of the Grand Duke of Baden at Karlsruhe. Before he took up this appointment in April 1814 he visited his brother in Vienna, where he sold his first compositions to the publisher Mechetti. In the years until 1821, when his health faded rapidly, Fesca was a central figure in the musical life of Karlsruhe. Fesca's reputation as a composer was based primarily on his string quartets and quintets. Between 1816 and 1826 he was the most frequently reviewed composer in this genre in the *Allgemeine musikalische Zeitung*, and his works were highly regarded by Spohr, Nägeli and Rochlitz, among others. Weber based his ideas on progressive contemporary chamber music on Fesca's quartets, since they combined the detailed accompaniment figuration and complex thematic development of the Classical string quartet with the harmonic richness and virtuosity demanded at that time. A. B. Marx (1827) ranked Fesca alongside Beethoven as a composer of distinctly personal church music, while Rochlitz (1818) noted that Fesca's setting of Psalm ix was such as a 'contemporary Handel' might have given to his Utrecht Jubilate. Fesca's operas and symphonies show features of early Romantic style, while at the same time revealing his admiration for Mozart. (Markus Freihauenschild in Grove Online).
