New York; Collins & Hannay; 1833. ****Hill, pages 100-101 (Hill 2, No. 581); Ferguson 1643; Spence 454; Renard 518. An interesting copy, with the inscription 'Deposited May 11. 1833' at head of title-page and Library of Congress duplicate stamp and number (1582) in pink ink on verso (but no other markings anywhere apart from the intriguing - date? - 2-14-32 in similar pink ink on pastedown); and from the library of Frederick Ellis of Shaw Island, with his bookplate on pastedown and signature on free endpaper. Full of interest, this is an important work giving Fanning's experiences in several voyages to the Pacific and round the world. Fanning discovered several previously unknown islands and was instrumental in sending out the expedition under Captains Palmer & Pendleton in 1829. In addition his petition to Congress and other personal efforts were largely responsible for the Act of May 14, 1836 authorizing the United States Exploring Expedition under Charles Wilkes. Fanning visited China, Fiji, Tonga, the Marquesas, King Georges Sound and the desolate island of South Georgia, and the work contains detailed accounts of sealing around the Australian coast and elsewhere in the South Seas. Amongst other material of Australian interest, Fanning gives an account of his rescue from the Marquesas of the missionary Rev. William Pascoe Crook, and an account of the Sydney trader Simeon Lord and his sandalwood and sealing ventures. #13069*

18 [Finden, William]. **THE PORTS, HARBOURS, WATERING-PLACES, AND COAST SCENERY OF GREAT BRITAIN.**

Illustrated by Views taken on the Spot, by W. H. Bartlett; with Descriptions by William Beattie, M.D. 2 vols., 4to; Vol. I, pp. [iv], 190; frontispiece & engraved title-page with vignette and 64 very fine steel-engraved plates, 1 woodcut illust. in text, appendix; Vol. II, pp. [iv], 156(last blank); frontispiece & engraved title-page with vignette and 58 very fine steel-engraved plates; contemporary ornately gilt full hard-grained morocco (slight wear to foot of front joint to Vol. II); all edges gilt; a very fine, clean set; scarce in such condition. London; George Virtue; 1842. ****This book was commenced by the Findens and first published in 1838 with a much smaller complement of plates. It is consequently usually known as Finden's Ports and Harbours: the title given on the additional engraved title-pages is "Finden's Views of the Ports, Harbours & Watering Places of Great Britain, Continued by W. H. Bartlett." The plates conform exactly to the lists given in the front of each volume, although a few plates are misplaced and all are delicately and beautifully hand-coloured. The book has been expertly oversewn and neatly recased in its original contemporary binding (which would probably have employed a gutta percha "perfect" binding - notorious for perishing), but there is no sign of any cleaning or washing. We can find no historical record of coloured copies, so this set has since been coloured, presumably at the time of sewing some time in the twentieth century. The colouring is carefully and beautifully executed to a high standard and makes for a most attractive book.* #15960

We intend to produce many more lists in future on a variety of subjects and we would prefer where possible to send these by email as PDF file attachments or links to files on our Website. If you would like to receive future lists please indicate your interests by email (preferred) or by using the form below by fax or post. If you would like to receive ALL lists (email only) please let us know also. If for any reason you do not wish to receive any more of these lists, also please let us know and we will cease and desist.

We have experimented with a number of forms for emailing orders to us but many security systems now prevent such links from working correctly so we suggest simply emailing us at: books@GastonRenard.com and copying and pasting the entries of the items you want from the list above.
