WILLIAM DAMPIER 1625-1715
From the painting by T. Murray
in the National Portrait Gallery.

- 31 Darwin, Charles. **JOURNAL OF RESEARCHES INTO THE NATURAL HISTORY AND GEOLOGY** of the Countries Visited during the Voyage of H.M.S. Beagle Round the World, under the Command of Capt. Fitz Roy, R.N. By Charles Darwin, M.A., F.R.S. New Edition. Cr. 8vo, Second Edition, reissued; pp. viii, 520 (last blank); 14 text illustrations, index; original red cloth of Murray's Colonial & Home Library (spine a little faded), uncut; (slight foxing of edges & a few leaves; a slight crease to front board); a very nice copy; rare. London; John Murray; 1852. ****Sabin 18647 (third mention); Not in Ferguson; Freeman 17, but without the series title implied in his entry (and never present). The binding has the words 'MURRAY'S COLONIAL & HOME LIBRARY' in a circular design in blind on front cover, but only 'MURRAY' in gilt at foot of spine. Freeman's commentary (page 36) also suggests that the binding of his 17 is devoid of any identification of the series: "gives no indication, in gilt or blind, that the work is one of a series; in this case the edges are sprinkled whereas they are white in the series cases. It was again reprinted in the same series in 1852 and put out in the same case as the third issue [i.e. that referred to above], this time with changed date" This copy therefore may represent an unrecorded variant.* #66370 **A\$2000.00**

- 54 **Jarman, Robert. JOURNAL OF A VOYAGE TO THE SOUTH SEAS, IN THE "JAPAN;"** employed in the Sperm Whale Fishery, under the Command of Capt. John May. By Robert Jarman. First published at Beccles and London in 1838. Edited, with an Introduction, Notes, Chronology, and Index, by Robert M. Warneke, and faithfully reprinted from the original. Melbourne: Edition Renard 2009. 8vo, Limited New Edition; pp. XII, vi, 242, [243]-318; portrait, introduction, extensive notes, chronology, references and index; fully section-sewn on tapes and hand-bound in full linen, with printed labels on spine and front board; top edge dyed, marker ribbon. Melbourne; Edition Renard; 2009. ****Limited edition of 100 numbered copies within the overall limitation of 200 copies for sale. A new edition of the very rare account first published in two issues in 1838 and until now never reprinted - see Forbes 1104, also Bagnall 2685 and Ferguson 2526 (and 2526a). Robert Jarman, the son of a printer at Beccles, joined the crew as a young man of twenty years on a whaling voyage to the South Seas in 1831. During the next three to four years young Robert's fore-castle jottings were transformed into a lively and well-crafted tale. The primary theme is the hard, unrelenting search for whales, reflected in Jarman's methodical recording of encounters with other whalers and elaborated with graphic descriptions of the excitements and dangers of whaling with the inevitable accidents, injuries, and tragic deaths. After cruising the Japan Sea, the ship reached the Hawaiian Islands at the end of October 1832 and anchored at Honolulu. He tells also of surviving gales and near disaster when the Japan was dismantled in a hurricane, which forced the stricken ship to Sydney for extensive repairs. Jarman gives an interesting account of Sydney, with perceptive comments on convicts and Aborigines. The scope and appeal of this book is enhanced by some lengthy passages on natural history, including observations on the social behaviour of sperm whales and encounters with sharks, other fish and birds.* #27824 **A\$195.00**

C. Chisteman at head of titles to Vols. II & III, but clipped from Vol. I, with head of title-page & following couple of leaves to Vol. II a little stained from an early attempt at removal of the signature; a very good, sound and handsome set. London; J. Johnson; 1799. ****Ferguson 289; Hill 2, 974; Sabin 38963. One of four translations (one being an abridgement in one volume, 8vo only) published in London in 1798, here reprinted in 1799. Ferguson calls for an atlas of 44 plates, but it is doubtful that this was issued with this edition—his entry for the first edition (1798) of this version (F. 270) makes no mention of an atlas — probably it was only a binding variation with the plates in a separate atlas rather than bound up in the text volumes as directed by the publisher (one of the charts in Vol. III is in two sheets, which would account for the discrepancy in numbers). The voyage aroused intense interest but the ships were not heard of after leaving Botany Bay in 1788 and their fate was not positively determined until Peter Dillon discovered the wrecks at Vanikoro over 30 years later. #12603* **A\$3200.00**

NOTICE TO CUSTOMERS:

This is our one hundred and eightieth short list. We hope you find something of interest.

We intend to produce many more lists in future on a variety of subjects and we would prefer where possible to send these by email as PDF file attachments or links to files on our Website. This has the obvious advantage of reducing costs and enhancing the speed of delivery and the email/PDF versions will also be enhanced with colour illustrations. A fully illustrated version of this list in pdf format is also available on our website or will be emailed on request. Likewise we encourage you to send orders by email, fax or telephone.

If you would like to receive future lists please indicate your interests by email (preferred) or by using the form below by fax or post. If you would like to receive ALL lists (email only) please let us know also. If for any reason you do not wish to receive any more of these lists, also please let us know and we will cease and desist.

We have experimented with a number of forms for emailing orders to us but many security systems now prevent such links from working correctly so we suggest simply emailing us at: books@GastonRenard.com and copying and pasting the entries of the items you want from the list above. If you encounter any difficulties, please let us know! For orders by fax or by post please use the Order Form at end.
