SHORT LIST NO. 184 - 2016.

AUSTRALIANA.

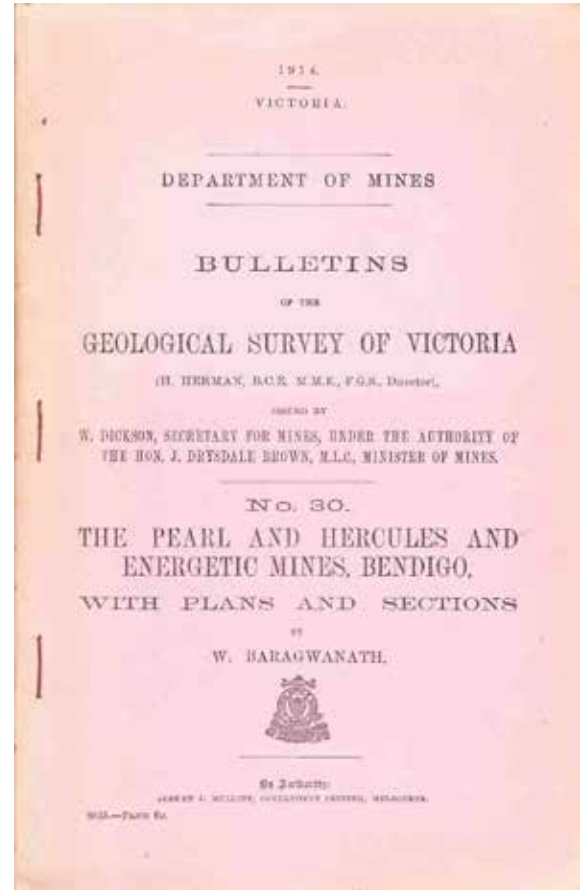

- 1 **Angas, George French. SOUTH AUSTRALIA ILLUSTRATED.** Impl. folio, First Edition; pp. [2](colour-illustrated lithographed title, dated 1846, verso blank), [2](typeset title-page dated 1847, verso blank), [2](calligraphic litho-engraved Dedication to Queen Adelaide, verso blank), [iii]-iv(List of Subscribers), [4](Preface & General Remarks on the Aboriginal Inhabitants of South Australia); 60 superb hand-coloured litho plates, each with facing leaf of descriptive text (Plate 27 with 2 leaves); finely bound in half green morocco with marbled sides, with matching fitted slipcase by Aquarius; (small, unobtrusive stamp of the Zoological Society almost invisibly erased from two early leaves and present on a third; a few leaves with the faintest browning of extreme margins only); an exceptionally fine, unusually clean copy, the colours brilliant & full, with no sign of fading; rare. London; Thomas M'Lean; 1846-47. ****A most attractive copy, both externally and internally, and one of the two outstanding substantial collections of early coloured views of Australia (the other being Joseph Lycett's Views in Australia, 1824-5), the work contains 41 fine topographical views (on 37 plates), of various parts of South Australia, 19 plates of the Aboriginal inhabitants, their dwellings and artefacts, 3 plates of insects and one of South Australian botany. A new species of Kangaroo is shown on one of the plates. The work is of great importance as a contemporary record of South Australia for, as the Author states in his Preface, "With the hope of preserving time and life-like records of men and scenes, so quickly passing away, I have endeavoured by pictorial representation, to describe the most interesting and peculiar features of South Australia and its Aboriginal inhabitants. I have devoted my time and powers entirely to the accomplishment of this task, visiting all portions of the Colony, and making myself conversant with the manners and habits of native tribes whose existence is unknown to the world". The information portrayed on the Aborigines is particularly valuable. Two of the plates are by S. T. Gill - the view of Adelaide and that showing the Departure of Captain Sturt, August 1844, on the Central Australian Expedition—these are particularly fine early views of the city—and have been sold separately for astronomical figures.* #14526 **A\$45,000.00**

To which are prefixed, Copies and Extracts of Letters from the Office of Secretary of State for the Home Department, bearing Date since the last Accounts relative to the Transporting of Convicts to New South Wales, and providing for the same. London: Printed for J. Debrett, Opposite Burlington-House, Piccadilly. M.DCC.XCII. Med. 4to, First Edition; pp. [ii](title, verso blank), [ii](Contents), 128(last blank); (a little moderate foxing); old full calf in contemporary style by Sangorski & Sutcliffe; a fine copy; very rare. London; J. Debrett; 1792. ****Ferguson 144; Wantrup 12. This is the public reprinting of the House of Commons Paper published two months earlier, together with the extremely rare "Extracts of Letters, &c from Governor Phillip, relating to New South Wales. Ordered to be printed 21st May 1792" (Ferguson 143). The latter is reprinted at Pp. 123-127 of the present work and deals particularly with agriculture and land cultivation. These are invaluable documents on the progress of the fledgling settlement during 1790, especially the letters from Phillip, King, Paterson and other colonial officers. Even the lists of clothing and other articles requested and sent out are immensely interesting for the light they shed on the needs and problems of the colony. A foundation work of paramount importance, very seldom offered for sale. #21798 A\$38,500.00*

- 73 (Watson, Frederick; Editor). **HISTORICAL RECORDS OF AUSTRALIA.** Comprising Series I, Governors' Despatches to and from England, 26 volumes, 1914-1925; Series III, Despatches and Papers relating to the Settlement of the States, 6 volumes, 1921-1923; Series IV, Legal Papers, 1 volume, 1922. In all 33 volumes, thick 8vo; pp. in total OVER 30,800; uniformly bound in the original blue buckram, gilt of the secondary issue; a very good set. [Melbourne]; Library Committee of the Commonwealth Parliament; 1914-1925 and (1971). ****All published in the original series. Volumes I and IX in Series I are the 1971 reprints (as usual); the remainder are all the original printings. THIS COLLECTION IS AN INDISPENSABLE REFERENCE FOR THE SERIOUS STUDENT OF AUSTRALIAN HISTORY. It has been fully collated in detail, and is quite complete and in good order, but for the following trifling faults to Series I & III: In Series I, Volume II has the margins to the Introduction trimmed rather close with the slight loss of the ends of lines on two pages; Volume VI has one 16-page section repeated with nothing omitted; Volume IX has 16 pages offset with slight loss of clarity, but still quite legible; Volume XIII has half-title & title-page slightly creased; Volume XIV has an original paper flaw to pp. 227/8 with loss of a few letters; in Series III, Volume II lacks pp. xvii-xxiv but these pages are supplied in good facsimile, as are copies of the few slightly defective pages to Series I mentioned above. These sets are probably rarely collated and few sets are likely to be absolutely without fault, but as stated above this set has been checked in detail and the few defects made good. Detailed collations of each volume are available on request. Series III was resumed in 1997 with the publication of Volume VII, covering despatches and papers relating to Van Diemen's Land in 1828; this is now out of print. Volumes VIII (\$400), IX (\$200) and X (\$200) have also been published by Melbourne University Press and can be obtained to order. #44107 A\$3750.00*

Wendel and lithographed by C. Troedel; original cloth sides, recently expertly rebacked and recorned with roan in original style; (some minor foxing, but without any of the usual adhesion damage due to sticky ink); a fine copy; very rare. [Sydney; Charles Troedel & Co. Lith.; 1878]. ****Ferguson 17330-17332; Wantrup 265. This was the last of the fine pictorial topographical books published in Australia and is possibly one of the rarest, especially in view of the common problems with ink adhesion mentioned above. This copy is similar to the most substantial of three variants mentioned by Ferguson (17330) and includes the 28-page supplement on the history of New South Wales, but does not contain the 12 advertising leaves mentioned in his description. Ferguson's 17331 and 17332 do not contain any letterpress. #18305* **A\$6500.00**
