- 15 **Bond, George. A BRIEF ACCOUNT OF THE COLONY OF PORT-JACKSON**, in New South Wales; Its Native Inhabitants, Productions, &c. &c. By George Bond. First published by the Author at Southampton in 1803 and reprinted for Him at Oxford, London, Cork and Dublin in various Years to about 1810. Eighth Edition, faithfully reprinted from the first, incorporating the additions and corrections of the later editions. Edited, with bibliographical notes by Julien Renard. Melbourne: Published by Edition Renard, 2005. 8vo, Limited Edition; pp. [vi], 42(last colophon); sewn in original stiff wrappers, with french fold. Melbourne; Edition Renard; 2005. *\*\*\*Limited Edition of 100 copies within a total edition of 200 numbered copies, and now first published since about 1810. All the original editions are of great rarity. No copies of the 2nd or 3rd editions have been recorded and the first (Southampton, 1803) edition is extremely rare, while the 4th (Oxford, 1806), 5th (London, 1809), 5th (i.e. 6th, Cork, undated), and 6th (i.e. 7th, Dublin, also undated), editions are all very rare. The work is of considerable importance as one of the few accounts of Hunter's period as Governor. Hunter was dissatisfied with Bond's behaviour in the colony and complained of him in dispatches. Hunter was instructed to return him to England and Bond left the colony under a cloud in 1800, but his narrative was evidently very popular. He gives an account of the operation of the convict system and the economic corruption in the colony, and describes early efforts to encourage free settlers. He includes also comments on the Aborigines and on the natural history of the colony, including much from first-hand experience. See Ferguson 480; Wantrup, pp. 91-3. #15238*

- 16 **Banks, Joseph & Solander, Daniel: CAPTAIN COOK'S FLORILEGIUM.** A selection of engravings from the drawings of plants collected by Joseph Banks and Daniel Solander on Captain Cook's first voyage to the islands of the Pacific, with accounts of the voyage by Wilfrid Blunt and of the botanical explorations and prints by William T. Stearn. Lion and Unicorn Press 1973. Large imperial folio, First Edition; pp. [ii](half-title, verso blank), very fine engraved frontis. printed from the original 18th Century copper-plate, preceded by leaf of descriptive text, pp. [ii](title, verso colophon), [iv](Contents & List of Plates, last blank), [14](The voyage, including half-title, verso blank), [22](The botanical explorations, last blank, including half-title, verso blank), [4](bibliog. & half-title to plates, versos blank), 29 very fine plates printed from the original 18th Century copper-plates, each preceded by a leaf of descriptive text, pp. [4](Index to plates, verso colophon & limitation note, last 2 blank); list of subscribers to the standard edition loosely inserted; finely hand-bound by Zaehnsdorf in half Nigerian goatskin with Japanese silk paper sides (the edges of the latter just beginning to fray, as often), and French grooves; enclosed in the original felt-lined black buckram Solander box (the box slightly marked); a fine copy; very scarce. [London]; Lion and Unicorn Press; 1973. *\*\*\*Edition limited to 100 numbered standard copies of which this is number 94, and ten special copies, with an additional 12 plates. Both text and plates were printed on Crisbrooke handmade paper by J. Barcham Green. The text was handset by Alfred Page and printed by Harold Greenway and Michael Perry at the Royal College of Art. The plates were printed by Thomas Ross & Son, London and by Michael Rand of the Royal College of Art from the original copper-plates engraved for Joseph Banks and held in the British Museum (Natural History). The captions for the plates and the accompanying text by William T. Stearn and Daniel Solander are printed in different colours to identify the different regions from which the specimens came. Thirteen of the plates are of plants from Australia, eight from New Zealand, four from the Society Islands, three from Brazil and two from Java. Prior to the publication of this work, none of the original copper-plates had ever been published as engravings, although pulls had been made from some of the plates so that they could be reproduced by lithography for Hooker's Flora Antarctica and other works as well as some 320 of the total 738 plates which were reproduced in 1900 also by lithography. For this project great care was taken to print from the plates in the original manner intended and to do justice to the fine original eighteenth-century engraving by printing with inks of appropriate richness to the highest standards of copperplate printing. Great difficulties were experienced with the ink and the project, commenced in 1962, was not finally completed until 1974 but the result is magnificent. An account of the travails of production is given in the accompanying book (see below). The work was oversubscribed before publication and of the 100 standard copies nearly half were subscribed by institutional libraries. [with]*

- 49 **King, Phillip Parker. NARRATIVE OF A SURVEY OF THE INTER-TROPICAL AND WESTERN COASTS OF AUSTRALIA.** Performed between the Years 1818 and 1822. By Captain Phillip P. King, R.N., F.R.S., F.L.S., and Member of the Royal Asiatic Society of London. With an Appendix, containing Various Subjects relating to Hydrography and Natural History. In two volumes, illustrated by plates, charts and wood-cuts. Vol. I [Vol. II]. London: John Murray, Albemarle-street. MDCCCXXVII. 2 vols., First Edition; Vol. I, pp. [ii](half-title, verso blank), [iv](title-page, verso colophon & dedication, verso blank), [v]-xl(last blank), 452; folding chart, 7 plates, 5 wood-cuts in text (including title-vignette), Errata slip (at page 1); Vol. II, pp. viii, 638(last blank); folding chart, 6 plates (1 folding), 3 wood-cuts in text (including title-vignette), Errata slip (at page 1), 13 appendices (10 on meteorology, & navigation & geography), also list and description of natural history objects collected, geology & native languages; entirely uncut in early twentieth-century hard-grained morocco, with papered sides & marbled endpapers; (some foxing to plates of second volume & to margins only of some text leaves of both volumes); a very good, attractive set; rare. London; John Murray; 1827. \*\*\**Ferguson 1130; Wantrup 84b; Abbey 573. Inserted before the half-title in Volume I is an unrelated 16-page publisher's catalogue from Longman, Rees, Orme, Brown, & Green, dated January 1827. This is the second issue of this work, as usually found, with the cancel title-pages. A very few copies were issued with the date 1826; these are of the greatest rarity. The work is of great importance: Phillip Parker King (the son of Governor Philip Gidley King) was born at Norfolk Island, and became one of Britain's leading hydrographers. His work considerably furthered the geographical knowledge of the Australian coasts. His charts were very accurate and his extensions and additions to those of Flinders on the Northern and Western coasts of Australia were for many years in practical use by the Admiralty (well into the twentieth century). He was made a Fellow of the Royal Society in 1824.* #43380

- 50 **Grant, James.** **THE NARRATIVE OF A VOYAGE OF DISCOVERY**, performed in His Majesty's Vessel the Lady Nelson, of Sixty Tons Burthen, with Sliding Keels, in the Years 1800, 1801, and 1802, to New South Wales. [Etc.] To which is prefixed an Account of the Origin of Sliding Keels, and the Advantages resulting from their Use. 4to, Facsimile Edition; pp. [viii], xxvi, [2](blank), [2](list of encouragers), 200(last 5 blank); large folding plan of the sliding keels, folding chart, 1 coloured & 5 b/w. plates, appendix; original cloth; (endpapers slightly marked); a nice copy in slightly faded dustwrapper. (Melbourne; Heritage Publications); N.D. [c. 1970]. \*\*\**The "Lady Nelson" was originally sent out to survey the unknown coasts of New Holland and was later chosen to accompany Matthew Flinders' on his circumnavigation of Australia. She accompanied him when he set off, but her slow sailing meant she was unable to keep up and was forced to turn back when she ran aground off the Queensland coast. The voyage included the first navigation of Bass Strait from West to East. The "Lady Nelson" was an experimental vessel, and her performance was of considerable interest to nautical science. Grant was given command rather than the designer Captain Schanck, as it was thought that the experiment would be given a fairer trial. The sliding keels did not, however, make the impact expected in spite of the advantage they presented for surveying in shallow waters.* #22372 **A\$245.00**

- 51 **Carroll, F. S. THE NEW COUNTIES, HUNDREDS, & DISTRICT ATLAS OF SOUTH AUSTRALIA AND NORTHERN TERRITORY, 1876.** Together with Map of South Australia, indicating Roads, Distances, relative position of Counties, &c., &c. Showing -- All Boroughs, Post-towns, Villages, Hamlets, Road Boards, Roads, Railways, Rivers, Lakes, Creeks, Mountains, Stations, the Area of County and Station, (the Names, Occupiers, Grazing capabilities and Area of each), the Population of each Town in the Colony, Height of Mountains; Length, Rise, and Fall of Rivers, the quantity of Cereals and Green Crops, Hay, Wine, &c., produced in the different localities, and all the Geographical, Geological, and Physiological matter obtained from the most authentic sources. Compiled by F. S. Carroll. The Maps are compiled from the very latest plans in the Lands Department, by the kind permission of G. W. Goyder, Esq., Surveyor General. The Statistical Matter is furnished by the Government Statist, J. Boothby, Esq. This Atlas is the first of the kind ever produced in the colony, and will be thoroughly authentic to date of publication; it will be found eminently useful to the Merchant and Squatter as a Work of Reference, and with the Schoolmaster or Man of Family as the best means extant of furnishing the rising generation of the Colony with a thorough geographical knowledge of South Australia and the Northern Territory. To His Excellency Sir Anthony Musgrave, K.C.M.G., &c., Governor and Commander-in-Chief of the Province of South Australia, This Atlas is, with His Excellency's permission, Respectfully Dedicated, by His Excellency's Most Obedient Servant, the Proprietors, F. E. Hiscocks & Co. Demy folio, First Edition; pp. [ii](title, verso index), 24(misnumbered 20); large folding coloured map of South Australia, 25 double-page coloured maps of the city of Adelaide, counties and districts; original half calf with patterned cloth sides, gilt title-panel on front board; (boards a little warped; the large general map with short splits and tears, but sound; some minor marginal staining); a very good, sound copy; rare. Adelaide; Published E. S. Wigg & Son; 1876. *\*\*\*Ferguson 7981 and 7982 (collation in error). The text is closely set and contains a vast quantity of useful and detailed information on the state of the colony. The plates were printed in colours by F. W. Niven, Ballarat, the letterpress probably done in Adelaide. This atlas is of considerably greater rarity than Hiscocks' similar atlas of Victoria published two years earlier.* #53872 **A\$4500.00**

Hobart Town, Van Diemen's Land; S. A. Tegg; 1842. *\*\*\*Ferguson 3369; Serle, page 32; Miller & Macartney, page 91. The work consists of two volumes in one: the title-page to the second volume reads "OUR FIRST LIEUTENANT AND FUGITIVE PIECES, IN PROSE," and continues as for the first volume. This copy has a small label pasted onto the free endpaper with the inscription: "To Thomas James Serle Esquire With the Sincerest regard of an ancient friend and Fellow Labourer The Author". This was the first volume of plays in verse published in Australia and the third volume of verse published in Tasmania. David Burn emigrated to Tasmania in 1826 after serving in the navy, and became active in Tasmanian public affairs, notably in the movement for the cessation of transportation. He later moved to Sydney and to New Zealand where he engaged in journalism, dying at Auckland in 1875. #64277*

## THE FINAL, FINAL AND ONLY COMPLETE VERSION

- 57 **Burke & Wills: PROGRESS REPORTS AND FINAL REPORT OF THE EXPLORATION COMMITTEE** of the Royal Society of Victoria, 1863. Royal Society, Melbourne, 20th August, 1863 [but 1873, see below]. F<sup>o</sup>cap folio, First and only Complete Edition; pp. [ii](letter of transmission from John Macadam, verso blank), [ii](title, verso blank), [ii](second title, with list of officers & members of the Committee, verso blank), 8(First Report of the Exploration Committee of the Royal Society of Victoria (then the Philosophical Institute of Victoria). [text follows]), 4(Second Report ....), 2(Third Report ....), 6(Fourth Report ....., last blank), 4(Special Report of the Exploration Fund Committee for 1859, last blank), 4(Fifth Progress Report of the Exploration Committee of the Royal Society of Victoria for 1860, last blank), 8(Sixth Progress Report ... for 1861, last blank), 6(Seventh and Final Report ... for 1863, last blank), 6(Appendix I, last blank), 8(Appendix II); 16(Supplementary Final Report, last 3 blank); original quarter dark blue-green wave-embossed cloth, light blue-green printed papered boards, cut flush; but for some very minor soiling of the papered boards, a fine copy; extremely rare. Melbourne; Royal Society of Victoria; 1872 [1873]. *\*\*\*Ferguson 15185 (Mitchell Library copy only, with no mention of binding and miscollated); see also Renard, Fox Collection 2183 (first issue 1863); McLaren 5530 et seq. (but all his entries are unsatisfactory); and Wantrup: Catalogue of the Davidson Collection (Part 3) 475 (a variant copy in special binding with the final leaves on white paper, see below). All pages are printed on blue paper, and the printer's colophon "MASON AND FIRTH, PRINTERS, MELBOURNE." appears only at the foot of the last page of Appendix II. The signatures (first 5 leaves unsigned, B1-4, C1-4, D1-4, E1-4, F1-2, G1-4, H1-4, last 8 leaves unsigned) and unity of appearance would seem to leave little doubt that the whole, excepting the final 16 leaves, was printed by Mason and Firth. Ferguson mentions a Supplementary Final*

Report of eight pages printed on white paper. In this copy however, these pages are printed on blue laid paper, closely matching the blue wove paper of the earlier reports, the last blank, with the date Melbourne, 19th November, 1872 completing the report by William F. Stawell at the foot of Page 7. This is followed by a further 8 pages numbered 9-11 plus 2 unnumbered and 3 blank; these contain a List of Subscribers to the Exploration Fund, 3 pp., plus Balance Sheet and Summary of Expenditure, dated at end [Page 13] Melbourne, 7th July, 1873, and with the printer's colophon at foot: STILLWELL AND KNIGHT, PRINTERS, COLLINS STREET EAST. The cover title reads identically to the title quoted above except for the date, which is 1872, but clearly this is a later, and final (final, final!) issue. This is an original binding, completely undisturbed, with the endpapers of blue laid paper similar to that used for the 16-page Supplementary Final Report, but with the chain lines running horizontally. Apart from the Supplementary Final Report the collation of this copy agrees exactly with Ferguson (but for the interleaves, these obviously added, perhaps only to some issues). The front board carries a complete duplication of the (first) title as transcribed above (that which Ferguson calls the "short title"), but for the date 1872. On Page 7 of the Supplementary Final Report it is stated that about 200 copies of the seven previous reports are [still] available and it is resolved to publish this "final Supplementary Report" bound up in one volume with these previous reports for distribution to public institutions in the colony and elsewhere. This must place an upper limit on the number of complete copies produced. Some copies are recorded with the final supplement printed on white paper, and several with varying lesser numbers of leaves to it. The configuration of this copy must however be the complete and final version, the care taken to match the paper and the unity of appearance and presence of the integral final blank surely signifying the intended finale to the whole sorry saga. It is noted at the foot of Page 7 that the last act of the Committee "has been to hand over to the Public Library and the Royal Society all their papers and documents, carefully secured in a suitable box." #16383 **A\$13,500.00**

## NOTICE TO CUSTOMERS:

This is our one hundred and ninety-fifth short list. We hope you find something of interest.

We intend to produce many more lists in future on a variety of subjects and we would prefer where possible to send these by email as PDF file attachments or links to files on our Website. This has the obvious advantage of reducing costs and enhancing the speed of delivery and the email/PDF versions will also be enhanced with colour illustrations. A fully illustrated version of this list in pdf format is also available on our website or will be emailed on request. Likewise we encourage you to send orders by email, fax or telephone.

If you would like to receive future lists please indicate your interests by email (preferred) or by using the form below by fax or post. If you would like to receive ALL lists (email only) please let us know also. If for any reason you do not wish to receive any more of these lists, also please let us know and we will cease and desist.

We have experimented with a number of forms for emailing orders to us but many security systems now prevent such links from working correctly so we suggest simply emailing us at: [books@GastonRenard.com](mailto:books@GastonRenard.com) and copying and pasting the entries of the items you want from the list above. If you encounter any difficulties, please let us know! For orders by fax or by post please use the Order Form at end.
