- 21 **Darwin, Charles. THE EXPRESSION OF THE EMOTIONS IN MAN AND ANIMALS.** By Charles Darwin, M.A., F.R.S., &c. With photographic and other illustrations. Cr. 8vo, First Issue of First Edition; pp. vi, 374, [4](adv., dated November, 1872); 7 heliotype plates (3 folding) containing 30 portraits, 21 text illustrations (7 full-page), index; original cloth, uncut; (slight wear to top of joints; lacking the preliminary blank leaf [see below] and with a small piece torn from top inner margin of title-page with loss of three letters from the word 'E--SSION'); a very good, clean & sound copy; rare. London; John Murray; 1872. **\*\*\*Freeman 1141.** *The heliotype plates are numbered in Roman (see Freeman for discussion - Darwin's own copy being similar). Freeman also discusses, in his unpublished 1986 Additions and Corrections, a presentation copy similar to this one, with the preliminary blank discarded and the plates numbered in Roman. It seems probable that at least some copies were issued without the preliminary blank as is the case for the second issue. See also the catalogue of the Haskell F. Norman collection wherein it is suggested that the Roman numbering is the first (contrary to Freeman's initial conjecture). This book is the first to be illustrated with plates produced by the heliotype process and the only one of Darwin's works to be illustrated with photographs. It is one of Darwin's most important works, and of considerable interest in reference to Australia and its native inhabitants--Darwin takes over a page in thanking Australian notables for their help--including Dyson Lacy, R. Brough Smyth, Samuel Wilson, George Taplin, Archibald Lang, Dr. Ferdinand Mueller and others.* #66851 **A\$3500.00**

- 24 [Haweis, Thomas; Editor]. **A MISSIONARY VOYAGE TO THE SOUTHERN PACIFIC OCEAN**, performed in the Years 1796, 1797, 1798, in the Ship Duff, commanded by Captain James Wilson. Compiled from Journals of the Officers and the Missionaries; and illustrated with Maps, Charts, and Views, drawn by Mr. William Wilson, and engraved by the most eminent Artists. With a Preliminary Discourse on the Geography and History of the South Sea Islands; and an Appendix, including Details never before published, of the Natural and Civil State of Otaheite; by a Committee appointed for the Purpose by the Directors of the Missionary Society. Published for the Benefit of the Society. London: Printed by S. Gosnell, for T. Chapman, No. 151, Fleet Street. 1799. Med. 4to, Best Issue of First Edition, pp. [xii], c, 420, [12](Subscribers' Names); 7 maps & charts (5 folding), 6 plates, appendix (on Otaheitian government, society, inhabitants, deities, customs, natural history, etc.); half navy blue morocco, with moire cloth sides (small trifling mark on front cover; slight scuffing of spine); a fine, clean copy, entirely uncut, with the original paper title-label preserved on inside front board; scarce in such condition. London; Printed by S. Gosnell, for T. Chapman; 1799. \*\*\**Ferguson 301; Hill 2, 1894;* . *The first and preferred of two closely similar editions bearing the same date, this being of slightly larger format and printed on better quality paper. Another edition bearing the imprint "Printed for T. Chapman ... by T. Gillet" and with a completely different set of subscriber's names, was issued almost simultaneously (see Ferguson 302). The purpose of employing two printers appears to have been to ensure the speedy production of sufficient copies to meet the demand. This important work is the account of the first English missionary enterprise in the South Seas. The hostility of the natives at Tahiti and Tonga caused many of the missionaries to seek refuge at Sydney. Some of them settled in Australia "and founded families important in Australian history". William Wilson was Chief Mate on the voyage. Apart from its missionary interest the work contains much valuable information on Tahiti, Fiji and the Marquesas. The Duff Group in the Santa Cruz islands was newly discovered on this voyage.* #2293

## RARE PACIFIC NARRATIVE — WITH AN ACCOUNT OF SYDNEY

- 35 **Michelena Y Rojas**, Francisco. **VIAJES CIENTIFICOS EN TODO EL MUNDO**, desde 1822 hasta 1842; durante los cuales fueron visitadas la Oceania en sus tres nuevas divisiones geographicas: Malesia, Polynesia y Australia; el Asia y sus grandes regiones: China, India y Arabia; el Africa en lo mas interesante de ella: Cairo, Alejandria, Argel y Tunez; Cuatro veges la Europa en sus Imperios, reinos y ciudades: Inglaterra, Francia, Espana, Italia, Turquia y Grecia, etc.; otras Tantas la America en los principales Estados que la Componen: Canada, Estados Unidos, Mejico, Venezuela, Nueva Granada, Ecuador y Peru, etc. Dedicados A la Nacion Venezolana por Francisco Michelena Y Rojas. Madrid. I. Boix, Editor, calle de carretas, num. 8. MDCCXLIII. Roy. 8vo, First Edition; pp. [ii](blank), 428, [4](index, last blank); portrait frontispiece, a large folding map of the Pacific (a short tear repaired), folding plan of Sydney in 1840, 12 lithographed plates executed by J. Aragon (a small narrow strip torn from blank fore-margin of first plate), Errata, List of Subscribers; a fine copy with only a touch of the foxing usually found; recent half dark red morocco, raised bands on spine, with cloth sides. Madrid; I. Boix; 1843. \*\*\**Ferguson 3697 (2 copies only); Hill 2, 1157; Not in Sabin; O'Reilly-Reitmann 1039; Forbes 1431. Michelena y Rojas was a native of Venezuela and his narrative was printed in Spain for publication in Venezuela by subscription. Ferguson notes erroneously that this work contains accounts of all seven voyages made by the author, but in fact the entire work (apart from a brief note in the Preface) concerns his sixth and most important voyage, one of the rarest and least-known voyages to the Pacific. Departing from Mazatlan, Mexico, Michelena y Rojas crossed the Pacific in the years 1840-41, spending some 33 days exploring the Hawaiian Islands (to which he devotes 4 chapters, including portraits of Kamehameha III and Governor John Adams). From there he sailed to Tahiti, Rotuma and via Norfolk Island to Australia (with a fine plan of Sydney in 1840, a plate of part of the Botanic Gardens and another of the aboriginal inhabitants). He continued to Vanikoro (with an account of Dillon's discovery of the fate of La Perouse), Guam in the Marianas, the Caroline Islands, Philippines, Macao, and Singapore. His route is traced on the folding map and the author includes an account of the Papuans. Some doubt has been cast by Saul H. Riesenber on the authenticity of the narrative but it seems clear that it is an amalgam of personal observation and information from other contemporary sources. Michelena also published (1837) the official account of the Venezuelan exploring expedition up the Orinoco and down the Amazon Rivers, and later wrote a history of South American exploration published in 1867. #34806*

Perth; Wm. Alfred Watson, Government Printer; 1902. \*\*\**McLaren 16633. As noted, 1200 copies only of this important account were done. A public edition was issued in London in about 1905, an exact, but reset, copy of the present first edition; that edition is of extreme rarity. The expedition was led by Lawrence Allen Wells, who was Surveyor with the Elder Expedition of 1891, and it covered a substantial area of arid northern Western Australia. One of two parties, comprising Wells' cousin Charles and George Jones, a nephew of explorer David Lindsay became lost in the Great Sandy Desert and perished of thirst, terminating the expedition. Several search expeditions were made in attempts to locate the missing men, and reports of these are appended. Wells was vilified by the press on his return for the loss of his men, but was exonerated and praised by a subsequent parliamentary select committee. The map shows also Wells' route on the Elder expedition and those of Giles and other explorers.* #67085 **A\$850.00**
