3 **Angas, George French. SOUTH AUSTRALIA ILLUSTRATED.** Impl. folio, First Edition; pp. [2]

(colour-illustrated lithographed title, dated 1846, verso blank), [2](typeset title-page dated 1847, verso blank), [2](calligraphic litho-engraved Dedication to Queen Adelaide, verso blank), [iii]-iv(List of Subscribers), [4](Preface & General Remarks on the Aboriginal Inhabitants of South Australia); 60 superb hand-coloured litho plates, each with facing leaf of descriptive text (Plate 27 with 2 leaves); finely bound in half green morocco with marbled sides, with matching fitted slipcase by Aquarius; (small, unobtrusive stamp of the Zoological Society almost invisibly erased from two early leaves and present on a third; a few leaves with the faintest browning of extreme margins only); an exceptionally fine, unusually

clean copy, the colours brilliant & full, with no sign of fading; rare. London; Thomas M'Lean; 1846-47. ****A most attractive copy, both externally and internally, and one of the two outstanding substantial collections of early coloured views of Australia (the other being Joseph Lycett's Views in Australia, 1824-5), the work contains 41 fine topographical views (on 37 plates), of various parts of South Australia, 19 plates of the Aboriginal inhabitants, their dwellings and artefacts, 3 plates of insects and one of South Australian botany. A new species of Kangaroo is shown on one of the plates. The work is of great importance as a contemporary record of South Australia for, as the Author states in his Preface, "With the hope of preserving time and life-like records of men and scenes, so quickly passing away, I have endeavoured by pictorial representation, to describe the most interesting and peculiar features of South Australia and its Aboriginal inhabitants. I have devoted my time and powers entirely to the accomplishment of this task, visiting all portions of the Colony, and making myself conversant with the manners and habits of native tribes whose existence is unknown to the world". The information portrayed on the Aborigines is particularly valuable. Two of the plates are by S. T. Gill - the view of Adelaide and that showing the Departure of Captain Sturt, August 1844, on the Central Australian Expedition - these are particularly fine early views of the city.* #14526

London; Ridgway and Sons; 1831. ****Ferguson 1473 (5 copies only). There are currently only ten copies listed in Australian libraries and two in the U.K. The book was reissued in the following year: this is equally rare. It is the foundation book for the colony of South Australia, containing proposals for the foundation of that colony along the lines propounded by Edward Gibbon Wakefield in 1829. The new colony is proposed for the area between 132 degrees and 141 degrees East on the south coast of Australia, together with the Islands on the coast and the work includes a brief historical account of Flinders' explorations followed by a detailed survey of the configuration and productive capacity of the country taken from information provided by Flinders, Baudin and King, together with reasoned speculations on the possibility of exports of various commodities from the proposed settlement, with comparisons of the situation at Hobart Town, Sydney, the failed settlement at Swan River and various places even further afield such as Virginia. The eight-page appendix is important in its own right, comprising the report of a sealing expedition in the Brig Governor Macquarrie made in 1819: "Report of a Voyage from Sydney to Kangaroo Island and of Observations made during a stay of seven months on, and near the island, by Captain Sutherland, who in the year 1819 was employed by some merchants of Sydney to command a vessel of 140 tons, expressly fitted out for the purpose of obtaining a cargo of salt and seal skins from Kangaroo Island. Captain Sutherland has been engaged for many years in the trade between England and New Holland, and lately commanded the ship Lang. He is now in London. Oct. 4th, 1831." This is amongst the earliest extended accounts of sealing activities on the south coast of Australia. #17230*
