- 33 **Darwin, Charles.** **THE ORIGIN OF SPECIES** by Means of Natural Selection, or the Preservation of Favoured Races in the Struggle for Life. By Charles Darwin, M.A., LL.D., F.R.S., etc. Sixth Edition, with Additions and Corrections to 1872. (Twenty-second Thousand). London: John Murray, Albemarle Street. 1880. The right of Translation is reserved. Cr. 8vo, Sixth Edition, Eighth Issue; pp. xxii, 458; folding diagram, glossary, index; original green cloth, with binder's ticket of W. Bone & Son on rear pastedown; (front hinge reglued); a very good copy; very scarce. London; John Murray; 1880. ****Freeman 405. Printed from stereos of the eleventh thousand, and the third issue of the final definitive text, Darwin having made some very minor corrections to the eighteenth thousand (vide Freeman). This Sixth edition, the last to be fully revised by Darwin and quite extensively rewritten, includes a new chapter in refutation of objections to his theory, especially those of St. George Mivart, the Roman Catholic biologist. The Sixth was also the first edition to drop the word 'ON' from the title and the first edition of the 'Origin' to use the word 'evolution'. The Glossary was compiled by W. S. Dallas at Darwin's request. #66445 A\$650.00*

- 34 **Darwin, Charles. THE DESCENT OF MAN**, and Selection in Relation to Sex. By Charles Darwin, M.A., F.R.S. Second Edition, Revised and Augmented. Nineteenth Thousand. With Illustrations. Cr. 8vo, Second Edition, Eighth Issue; pp. xvi, 694(last blank), 32(adv., dated January, 1885); 78 text illustrations, Table of Additions & Corrections, Supplemental Note, extensive index; uncut in the original blind-stamped green cloth, spine gilt; (front endpaper & half-title and adverts. at end a little foxed); a very nice, bright copy; scarce. London; John Murray; 1885. ****Freeman* 959. *As Freeman notes: the word 'evolution' occurs, for the first time in any of Darwin's works, on Page 2 of the first volume of the first edition, before its appearance in the sixth edition of the 'Origin' in the following year. This edition includes the Supplemental Note on Sexual Selection in Relation to Monkeys (Reprinted from Nature, November 2, 1876, p. 18). This first appeared in the 12th Thousand of 1877.* #66519 **A\$450.00**

- 35 **Darwin, Charles. The Principal Works of Charles Darwin. THE ORIGIN OF SPECIES. THE DESCENT OF MAN.** New York: John B. Alden, Publisher. 1886. Med. 8vo, two works in one volume; Origin: pp. [viii], 254(last blank), also numbered [441]-[694]; portrait frontispiece, the diagram reproduced in white on black at Page 51, index, glossary; Descent: pp. [iv], [viii](7 plates), 334, also numbered [151]-[484]; a few figures, index; original dark green cloth (slightly worn), titled on spine: DARWIN'S | SELECT [sic] | WORKS. [cf. Freeman] and, lower down, ORIGIN OF SPECIES | [rule] | DESCENT OF MAN; printed in double-column; a very good, sound copy; scarce. New York; John B. Alden; 1886. ****Freeman 419 (Origin) [=962 Descent] (no detail given). The alternate pagination seems to be derived from an earlier issue in the Humboldt Library of Popular Science [New York, 1884] itself probably derived from an even earlier American issue (unidentified, but possibly Philadelphia c. 1872). The text of the 'Origin' is taken from the sixth edition, but the Historical Sketch is omitted. The text of the 'Descent' is from the first edition, which is perhaps suggestive that the c. 1872 Philadelphia printing is the original American edition in this form.* #66462 **A\$250.00**

- 36 **Darwin, Charles.** **THE DESCENT OF MAN.** And Selection in Relation to Sex. By Charles Darwin, M.A., F.R.S. Author of "The Origin of Species," etc., etc. Reprinted from the Second English Edition, Revised and Augmented. Illustrated. Cr. 8vo; pp. viii, 800(last 3 blank); portrait frontispiece, 78 text illustrations, extensive index; original cloth; top edge gilt (a little flecked; inner margin of title-page restored; new endpapers); a very good copy. New York; A. L. Burt Company, Publishers; N.D. [c. 1900]. ****Presumably Freeman 988, as the title-page has the circular device with the text: 'Burt's Library of the World's Best Books', but the spine has 'The Home Library' in gilt (see Freeman 973).* #66508 **A\$25.00**

- 37 **Darwin, Charles.** **THE ORIGIN OF SPECIES** by Means of Natural Selection, or the Preservation of Favoured Races in the Struggle for Life. By Charles Darwin, M.A., LL.D., F.R.S. London; John Murray; 1901. ****Not in Freeman, however see his 475 (green wrappers, description inadequate). This is a reissue of the 1891 printing, on slightly larger paper, and with slightly differing text to title-page, with quite different pagination from the other 'Popular Impressions' of 1900 and following.* #66455 **A\$85.00**

London; Henry Frowde, Oxford University Press; (1907). ****Freeman* 503. *A reprint of the Second Edition of 1860. First published in this form by Grant Richards in 1902. The World's Classics, No. XI. With a Note on 'The Origin of Species' by Grant Allen. According to the advertisements at end this World's Classics edition was available in no less than thirteen different styles of binding and paper type!* #66470 **A\$35.00**

A reprint of the third edition, perhaps the only one such (?) including the first text of the Historical Sketch. With short inscription on endpaper verso dated Xmas 1922 which suggests that this may be a later issue than that given by Freeman.* #66479 **A\$30.00**

- 41 **Darwin, Charles.** **THE DESCENT OF MAN** and Selection in Relation to Sex. With a Preface by Ashley Montagu and Drawings by Fritz Kredel. This, a re-issue of the trade version of the Limited Editions Club edition of 1971 is taken from the revised and supplemented edition of 1877 omitting Chapters Nine to Sixteen [concerning sexual selection in "lower" animals]; a note on the reasons why is supplied by Ashley Montagu.* #66531 **A\$85.00**

- 42 Darwin, Charles. **The Harvard Classics, Edited by Charles W. Eliot, LL.D. THE VOYAGE OF THE BEAGLE.** By Charles Darwin. With Introduction and Notes. "Registered" Edition; pp. [iv], 524; frontispiece, several text illustrations & maps, index; original vinyl, gilt. New York; P. F. Originally Volume 29 in The Harvard Classics series, here designated as "Registered Edition" on half-title and as "Deluxe Edition" on spine. #66404* **A\$35.00**

- 43 **Darwin, Charles. The World's Classics. THE ORIGIN OF SPECIES.** Edited with an Introduction by Gillian Beer. Cr. 8vo, First Paperback Edition; pp. xxxii, 440(last blank), [6](adv.); full-page diagram, bibliography, chronology, glossary, index; original pictorial wrappers; a nice copy. Oxford; Oxford University Press; (1996). ****The World's Classics series edition of this work was first published in 1902 by Grant Richards, being a reprint of the Second Edition of 1860, in which form it was variously reissued (by Oxford University Press from 1907) until 1951 when the edition used was changed to the Sixth, with a Preface by Sir Gavin de Beer, in which form it was several times reprinted. Here however, the edition from which the text is taken has reverted to the Second Edition, which is of particular interest as it represents Darwin's initial response to the storm of controversy aroused by the work's first publication. The bibliography, chronology, and Beer's Introduction are also valuable additions to this edition.* #66475 **A\$25.00**

NOTICE TO CUSTOMERS:

This is our two hundred and twenty-fourth short list. We hope you find something of interest.

We intend to produce many more lists in future on a variety of subjects and we would prefer where possible to send these by email as PDF file attachments or links to files on our Website. This has the obvious advantage of reducing costs and enhancing the speed of delivery and the email/PDF versions will also be enhanced with colour illustrations. A fully illustrated version of this list in pdf format is also available on our website or will be emailed on request. Likewise we encourage you to send orders by email, fax or telephone.

If you would like to receive future lists please indicate your interests by email (preferred) or by using the form below by fax or post. If you would like to receive ALL lists (email only) please let us know also. If for any reason you do not wish to receive any more of these lists, also please let us know and we will cease and desist.

We have experimented with a number of forms for emailing orders to us but many security systems now prevent such links from working correctly so we suggest simply emailing us at: books@GastonRenard.com and copying and pasting the entries of the items you want from the list above. If you encounter any difficulties, please let us know! For orders by fax or by post please use the Order Form at end.
