- 25 **Zimmermann, Heinrich. *DERNIER VOYAGE DU CAPITAINE COOK AUTOUR DU MONDE*, ou se trouvent les circonstances de sa mort, Publie en Allemand par Henri Zimmermann temoin oculaire, & traduit avec un abrege de la vie de ce navigateur celebre, & des notes. Berne, Chez la nouvelle Societe typographique. 1783. Second Edition in French; pp. xvi, 200; in most attractive full contemporary vellum, gilt (a trifling stain at foot of spine only), marbled edges; a fine copy; very rare. Berne; la nouvelle Societe typographique; 1783. *\*\*\*Beddie 1630; Holmes 44 (q.v.); Forbes 59; Du Rietz 1364. All early editions of this important account of Cook's Third Voyage, published four years before the official account are very rare, the first [German] edition extremely so. It was not translated into English until 1926. This second French edition is reset from the first of the previous year but is identical apart from the ornamentation on the title-page and the date at its foot. Both French editions are of great rarity and are of particular interest as they contain additional matter not found in the original German editions or in the (late) English translations. This additional matter comprises some brief introductory notes by one Roland (almost certainly the translator), the "Abregee" Life of Cook (pp. 118-172), and quite extensive notes (pp. 173-200 - some forty numbered items). Holmes and Du Rietz note that the "Life" appears to be a somewhat abridged translation of Lichtenberg and Georg Forster's early life of Cook, published in Gottingen in 1780. Zimmermann was coxswain in the "Discovery" and as a foreign national (he was a native of Speyer) was able to withhold his journal despite the instructions to surrender all logs and journals which were given to all serving officers and men. As a low-ranking member of the expedition his account gives an interesting and different perspective from the other accounts of Cook's third voyage. Holmes notes that "his appreciation of Cook's character deserves to rank with that of Samwell."* #8241** **A\$16,500.00**

Nodder and other fine artists comprise 29 of birds (including splendid parrots), 10 of reptiles and amphibians, 7 mammals (marsupials and the Dingo), 6 of fishes, 9 of plants (including magnificent Banksias) 2 of invertebrates and 2 of Aboriginal weapons and artefacts. In the original edition the leaf Hh4 is cancelled in some copies with a variant text describing in the cancelled state a description of the Wattled Bee-Eater, or Merops, Female and in the uncanceled state a description of the male bird. Both texts have been reproduced here and there are some bibliographical and publishing notes appended. This was the first natural history book on Australia of any significance to be published after the arrival of the First Fleet and has never before been republished with the plates in colour. The uncoloured plates have never before been republished. These Deluxe copies with the plates in two states are nearly sold out. Edition Renard was awarded two Gold Medals at the 20th National Print Awards, and a Certificate of Manufacturing Excellence of the Victorian Manufacturers Hall of Fame for this book. #8964*

- 46 [Haweis, Thomas; Editor]. **A MISSIONARY VOYAGE TO THE SOUTHERN PACIFIC OCEAN**, performed in the Years 1796, 1797, 1798, in the Ship Duff, commanded by Captain James Wilson. Compiled from Journals of the Officers and the Missionaries; and illustrated with Maps, Charts, and Views, drawn by Mr. William Wilson, and engraved by the most eminent Artists. With a Preliminary Discourse on the Geography and History of the South Sea Islands; and an Appendix, including Details never before published, of the Natural and Civil State of Otaheite; by a Committee appointed for the Purpose by the Directors of the Missionary Society. Published for the Benefit of the Society. London: Printed by S. Gosnell, for T. Chapman, No. 151, Fleet Street. 1799. Med. 4to, Best Issue of First Edition, pp. [xii], c, 420, [12](Subscribers' Names); 7 maps & charts (5 folding), 6 plates, appendix (on Otaheitian government, society, inhabitants, deities, customs, natural history, etc.); half navy blue morocco, with moire cloth sides (small trifling mark on front cover; slight scuffing of spine); a fine, clean copy, entirely uncut, with the original paper title-label preserved on inside front board; scarce in such condition. London; Printed by S. Gosnell, for T. Chapman; 1799. \*\*\**Ferguson 301; Hill 2, 1894;* . *The first and preferred of two closely similar editions bearing the same date, this being of slightly larger format and printed on better quality paper. Another edition bearing the imprint "Printed for T. Chapman ... by T. Gillet" and with a completely different set of subscriber's names, was issued almost simultaneously (see Ferguson 302). The purpose of employing two printers appears to have been to ensure the speedy production of sufficient copies to meet the demand. This important work is the account of the first English missionary enterprise in the South Seas. The hostility of the natives at Tahiti and Tonga caused many of the missionaries to seek refuge at Sydney. Some of them settled in Australia "and founded families important in Australian history". William Wilson was Chief Mate on the voyage. Apart from its missionary interest the work contains much valuable information on Tahiti, Fiji and the Marquesas. The Duff Group in the Santa Cruz islands was newly discovered on this voyage.* #2293 **A\$2450.00**

- 48 **King**, Phillip Parker. **NARRATIVE OF A SURVEY OF THE INTER-TROPICAL AND WESTERN COASTS OF AUSTRALIA.** Performed between the Years 1818 and 1822. By Captain Phillip P. King, R.N., F.R.S., F.L.S., and Member of the Royal Asiatic Society of London. With an Appendix, containing Various Subjects relating to Hydrography and Natural History. In two volumes, illustrated by plates, charts and wood-cuts. Vol. I [Vol. II]. London: John Murray, Albemarle-street. MDCCCXXVII. 2 vols., First Edition; Vol. I, pp. [ii] (half-title, verso blank), [iv](title-page, verso colophon & dedication, verso blank), [v]-xl(last blank), 452; folding chart, 7 plates, 5 wood-cuts in text (including title-vignette), Errata slip (at page 1); Vol. II, pp. viii, 638(last blank); folding chart, 6 plates (1 folding), 3 wood-cuts in text (including title-vignette), Errata slip (at page 1), 13 appendices (10 on meteorology, & navigation & geography), also list and description of natural history objects collected, geology & native languages; entirely uncut in early twentieth-century hard-grained morocco, with papered sides & marbled endpapers; (some foxing to plates of second volume & to margins only of some text leaves of both volumes); a very good, attractive set; rare. London; John Murray; 1827. *\*\*\*Ferguson 1130; Wantrup 84b; Abbey 573. Inserted before the half-title in Volume I is an unrelated 16-page publisher's catalogue from Longman, Rees, Orme, Brown, & Green, dated January 1827. This is the second issue of this work, as usually found, with the cancel title-pages. A very few copies were issued with the date 1826; these are of the greatest rarity. The work is of great importance: Phillip Parker King (the son of Governor Philip Gidley King) was born at Norfolk Island, and became one of Britain's leading hydrographers. His work considerably furthered the geographical knowledge of the Australian coasts. His charts were very accurate and his extensions and additions to those of Flinders on the Northern and Western coasts of Australia were for many years in practical use by the Admiralty (well into the twentieth century). He was made a Fellow of the Royal Society in 1824.* #43380

Also, Information Relating to Important Late Discoveries; between the Years 1792 and 1832 together with the Report of the Commander of the First American Exploring Expedition, Patronised by the United States Government, in the Brigs Seraph and Annawan, to the Southern Hemisphere. By Edmund Fanning. New York: Collins & Hannay. M DCCC XXXIII. Med. 8vo, First Edition; pp. [ii](binder's blank), xii, [13]-500(last blank), [2](binder's blank); 2 folding & 3 full-page lithographs; original brown papered boards with green linen spine and printed paper label; (very neatly rebacked, with the original backstrip and label preserved; a little scattered light foxing & a single small dark stain (6 mm) to extreme upper margin of three leaves & one plate; these blemishes however all essentially trivial); an unusually fine, very clean copy, especially the plates which are in excellent state, the paper nice and crisp throughout; an exceptional copy in original condition of a book usually found in very foxed and browned state; preserved in a well-made leather-backed cloth folding box; very rare. New York; Collins & Hannay; 1833. \*\*\**Hill, pages 100-101 (Hill 2, No. 581); Ferguson 1643; Spence 454; Renard 518. An interesting copy, with the inscription 'Deposited May 11. 1833' at head of title-page and Library of Congress duplicate stamp and number (1582) in pink ink on verso (but no other markings anywhere apart from the intriguing - date? - 2-14-32 in similar pink ink on pastedown); and from the library of Frederick Ellis of Shaw Island, with his bookplate on pastedown and signature on free endpaper. Full of interest, this is an important work giving Fanning's experiences in several voyages to the Pacific and round the world. Fanning discovered several previously unknown islands and was instrumental in sending out the expedition under Captains Palmer & Pendleton in 1829. In addition his petition to Congress and other personal efforts were largely responsible for the Act of May 14, 1836 authorizing the United States Exploring Expedition under Charles Wilkes. Fanning visited China, Fiji, Tonga, the Marquesas, King Georges Sound and the desolate island of South Georgia, and the work contains detailed accounts of sealing around the Australian coast and elsewhere in the South Seas. Amongst other material of Australian interest, Fanning gives an account of his rescue from the Marquesas of the missionary Rev. William Pascoe Crook, and an account of the Sydney trader Simeon Lord and his sandalwood and sealing ventures.* #13069

London; Printed by H. Hughs; 1785. *\*\*\*Without the folio Atlas, issued separately. See Holmes 47; Beddie 1553; Forbes 86. The "Defence of the Arguments ... " which is by William Wales, appears for the first time in this Third Edition which is in other respects closely similar to the second edition of the same year, reset from the first edition of the previous year, both sold out within days of publication. Forbes, whose collations are meticulous, makes no mention of the table of bank capital ("Corrected to the 5th of January, 1786") opposite page 286, and there seems no obvious reason for its inclusion, except for references to South Sea stock. The table is headed "(To face Page 286.)", but it seems likely that this is an accidental inclusion from another contemporary publication: it has clearly been present in this copy since its original collation. This edition, the last of the original quarto editions, is valuable for the addition of the "Defence ..." by William Wales.* #64850 **A\$6500.00**

## NOTICE TO CUSTOMERS:

This is our two hundred and thirty-fifth short list. We hope you find something of interest.

We intend to produce many more lists in future on a variety of subjects and we would prefer where possible to send these by email as PDF file attachments or links to files on our Website. This has the obvious advantage of reducing costs and enhancing the speed of delivery and the email/PDF versions will also be enhanced with colour illustrations. A fully illustrated version of this list in pdf format is also available on our website or will be emailed on request. Likewise we encourage you to send orders by email, fax or telephone.

If you would like to receive future lists please indicate your interests by email (preferred) or by using the form below by fax or post. If you would like to receive ALL lists (email only) please let us know also. If for any reason you do not wish to receive any more of these lists, also please let us know and we will cease and desist.

We have experimented with a number of forms for emailing orders to us but many security systems now prevent such links from working correctly so we suggest simply emailing us at: [books@GastonRenard.com](mailto:books@GastonRenard.com) and copying and pasting the entries of the items you want from the list above. If you encounter any difficulties, please let us know! For orders by fax or by post please use the Order Form at end.
