- 3 **Angas, George French. SOUTH AUSTRALIA ILLUSTRATED.** Impl. folio, First Edition; pp. [2](colour-illustrated lithographed title, dated 1846, verso blank), [2](typeset title-page dated 1847, verso blank), [2](calligraphic litho-engraved Dedication to Queen Adelaide, verso blank), [iii]-iv(List of Subscribers), [4](Preface & General Remarks on the Aboriginal Inhabitants of South Australia); 60 superb hand-coloured litho plates, each with facing leaf of descriptive text (Plate 27 with 2 leaves); finely bound in half green morocco with marbled sides, with matching fitted slipcase by Aquarius; (small, unobtrusive stamp of the Zoological Society almost invisibly erased from two early leaves and present on a third; a few leaves with the faintest browning of extreme margins only); an exceptionally fine, unusually clean copy, the colours brilliant & full, with no sign of fading; rare. London; Thomas M'Lean; 1846-47. ****A most attractive copy, both externally and internally, and one of the two outstanding substantial collections of early coloured views of Australia (the other being Joseph Lycett's Views in Australia, 1824-5), the work contains 41 fine topographical views (on 37 plates), of various parts of South Australia, 19 plates of the Aboriginal inhabitants, their dwellings and artefacts, 3 plates of insects and one of South Australian botany. A new species of Kangaroo is shown on one of the plates. The work is of great importance as a contemporary record of South Australia for, as the Author states in his Preface, "With the hope of preserving time and life-like records of men and scenes, so quickly passing away, I have endeavoured by pictorial representation, to*

describe the most interesting and peculiar features of South Australia and its Aboriginal inhabitants. I have devoted my time and powers entirely to the accomplishment of this task, visiting all portions of the Colony, and making myself conversant with the manners and habits of native tribes whose existence is unknown to the world". The information portrayed on the Aborigines is particularly valuable. Two of the plates are by S. T. Gill - the view of Adelaide and that showing the Departure of Captain Sturt, August 1844, on the Central Australian Expedition - these are particularly fine early views of the city.

- 33 **Jarman, Robert.** **JOURNAL OF A VOYAGE TO THE SOUTH SEAS, IN THE "JAPAN;"** employed in the Sperm Whale Fishery, under the Command of Capt. John May. By Robert Jarman. First published at Beccles and London in 1838. Edited, with an Introduction, Notes, Chronology, and Index, by Robert M. Warneke, and faithfully reprinted from the original. Melbourne: Edition Renard 2009. 8vo, Limited New Edition; pp. XII, vi, 242, [243]-318; portrait, introduction, extensive notes, chronology, references and index; fully section-sewn on tapes and hand-bound in full linen, with printed labels on spine and front board; top edge dyed, marker ribbon. Melbourne; Edition Renard; 2009. ****Limited edition of 100 numbered copies within the overall limitation of 200 copies for sale. A new edition of the very rare account first published in two issues in 1838 and until now never reprinted - see Forbes 1104, also Bagnall 2685 and Ferguson 2526 (and 2526a). Robert Jarman, the son of a printer at Beccles, joined the crew as a young man of twenty years on a whaling voyage to the South Seas in 1831. During the next three to four years young Robert's forecandle jottings were transformed into a lively and well-crafted tale. The primary theme is the hard, unrelenting search for whales, reflected in Jarman's methodical recording of encounters with other whalers and elaborated with graphic descriptions of the excitements and dangers of whaling with the inevitable accidents, injuries, and tragic deaths. After cruising the Japan Sea, the ship reached the Hawaiian Islands at the end of October 1832 and anchored at Honolulu. "The author noted 18 whalers in port. He describes the harbor and the method by which ships were towed in, and the Honolulu Fort, and the town and its native people" (Forbes). He tells also of surviving gales and near disaster when the Japan was dismantled in a hurricane, which forced the stricken ship to Sydney for extensive repairs. Jarman gives an interesting account of Sydney, with perceptive comments on convicts and their management and the Aborigines and their customs including the use of the boomerang. Subsequently the ship cruised around Rotuma, the Fiji Islands and New Zealand before returning to England. Along the way Jarman gives accounts of visits to bays and islands to trade for fresh provisions, and of longer stays at various ports for wood, water and to benefit the crew. A welcome respite from the rigors and grinding repetition of shipboard life, Jarman was obviously captivated by those of the natives who were friendly, and he perceptively and sympathetically described their modes of life, customs, and the effects of European intercourse and colonization. The scope and appeal of this book is enhanced by some lengthy passages on natural history, including observations on the social behaviour of sperm whales and encounters with sharks, other fish and birds. Because of several chance but pertinent events he was able to include commentaries on several dramatic episodes of Pacific maritime history, such as the Bligh mutiny and its aftermath, and recent massacres of ships crews by islanders — a constant fear for lightly-armed visiting whalers.* #27824 **A\$195.00**

NOTICE TO CUSTOMERS:

This is our two hundred and fifty-sixth short list. We hope you find something of interest.

We intend to produce many more lists in future on a variety of subjects and we would prefer where possible to send these by email as PDF file attachments or links to files on our Website. This has the obvious advantage of reducing costs and enhancing the speed of delivery and the email/PDF versions will also be enhanced with colour illustrations. A fully illustrated version of this list in pdf format is also available on our website or will be emailed on request. Likewise we encourage you to send orders by email, fax or telephone.

If you would like to receive future lists please indicate your interests by email (preferred) or by using the form below by fax or post. If you would like to receive ALL lists (email only) please let us know also. If for any reason you do not wish to receive any more of these lists, also please let us know and we will cease and desist. We have experimented with a number of forms for emailing orders to us but many security systems now prevent such links from working correctly so we suggest simply emailing us at: books@GastonRenard.com and copying and pasting the entries of the items you want from the list above. If you encounter any difficulties, please let us know! For orders by fax or by post please use the Order Form at end.
