- 13 **Zimmermann, Heinrich. DERNIER VOYAGE DU CAPITAINE COOK AUTOUR DU MONDE**, ou se trouvent les circonstances de sa mort, Publie en Allemand par Henri Zimmermann temoin oculaire, & traduit avec un abrege de la vie de ce navigateur celebre, & des notes. Berne, Chez la nouvelle Societe typographique. 1783. Second Edition in French; pp. xvi, 200; in most attractive full contemporary vellum, gilt (a trifling stain at foot of spine only), marbled edges; a fine copy; very rare. Berne; la nouvelle Societe typographique; 1783. *\*\*\*Beddie 1630; Holmes 44 (q.v.); Forbes 59; Du Rietz 1364. All early editions of this important account of Cook's Third Voyage, published four years before the official account are very rare, the first [German] edition extremely so. It was not translated into English until 1926. This second French edition is reset from the first of the previous year but is identical apart from the ornamentation on the title-page and the date at its foot. Both French editions are of great rarity and are of particular interest as they contain additional matter not found in the original German editions or in the (late) English translations. This additional matter comprises some brief introductory notes by one Roland (almost certainly the translator), the "Abreege" Life of Cook (pp. 118-172), and quite extensive notes (pp. 173-200 - some forty numbered items). Holmes and Du Rietz note that the "Life" appears to be a somewhat abridged translation of Lichtenberg and Georg Forster's early life of Cook, published in Gottingen in 1780. Zimmermann was coxswain in the "Discovery" and as a foreign national (he was a native of Speyer) was able to withhold his journal despite the instructions to surrender all logs and journals which were given to all serving officers and men. As a low-ranking member of the expedition his account gives an interesting and different perspective from the other accounts of Cook's third voyage. Holmes notes that "his appreciation of Cook's character deserves to rank with that of Samwell."* #8241

Roy. 8vo, First Edition; pp. 672(last blank); 10 maps, 64 illustrations, appendix, notes, glossary, sources, index; original papered boards; a nice copy in dustwrapper. [Dunedin]; Otago [University Press]; (2014). *\*\*\*Explorer Jules-Sebastien-Cesar Dumont d'Urville (1790-1842) is sometimes called France's Captain Cook. Born less than a year after the beginning of the French Revolution, he lived through turbulent times. He was an erudite polymath: a maritime explorer fascinated by botany, entomology, ethnography and the diverse languages of the world. As a young ensign he was decorated for his pivotal part in France's acquisition of the famous Venus de Milo.*

*D'Urville's voyages and writings meshed with an emergent French colonial impulse in the Pacific. In this magnificent biography Edward Duyker reveals that D'Urville had secret orders to search for the site for a potential French penal colony in Australia. He also effectively helped to precipitate pre-emptive British settlement on several parts of the Australian coast. D'Urville visited New Zealand in 1824, 1827 and 1840. This wide-ranging survey examines his scientific contribution, including the plants and animals he collected, and his conceptualisation of the peoples of the Pacific: it was he who first coined the terms Melanesia and Micronesia.*

*D'Urville helped to confirm the fate of the missing French explorer Laperouse, took Charles X into exile after the Revolution of 1830, and crowned his navigational achievements with two pioneering Antarctic descents.*

*Edward Duyker has used primary documents that have long been overlooked by other historians. He dispels many myths and errors about this daring explorer of the age of sail and offers his readers grand adventure and surprising drama and pathos [from the blurb]. #65676*

## NOTICE TO CUSTOMERS:

This is our two hundred and seventy-eighth short list. We hope you find something of interest.

We intend to produce many more lists in future on a variety of subjects and we would prefer where possible to send these by email as PDF file attachments or links to files on our Website. This has the obvious advantage of reducing costs and enhancing the speed of delivery and the email/PDF versions will also be enhanced with colour illustrations. A fully illustrated version of this list in pdf format is also available on our website or will be emailed on request. Likewise we encourage you to send orders by email, fax or telephone.

If you would like to receive future lists please indicate your interests by email (preferred) or by using the form below by fax or post. If you would like to receive ALL lists (email only) please let us know also. If for any reason you do not wish to receive any more of these lists, also please let us know and we will cease and desist. We have experimented with a number of forms for emailing orders to us but many security systems now prevent such links from working correctly so we suggest simply emailing us at: [books@GastonRenard.com](mailto:books@GastonRenard.com) and copying and pasting the entries of the items you want from the list above. If you encounter any difficulties, please let us know! For orders by fax or by post please use the Order Form at end.
