

It is with great pleasure that the Danish Antiquarian Booksellers Association will host the 2014 Scandinavian Antiquarian Book Fair.

As in 2011, we have once again been fortunate enough to host this event in the beautiful, old Library Hall of the Round Tower, which constitutes a unique setting for this weekend of celebrating the book.

The book fair in 2011 turned out to be a great success, not only due to the unprecedented number of exhibitors from all over Europe and the large number of visitors, but also due to the interesting exhibitions of private collections and the several workshops, in which some of Denmark's best book binders, paper restorers, and paper artists were presenting their work in progress.

Furthermore, the magnificent setting that is the Round Tower turned out to be so well run and the events here so well organized that the logistical fears we might have had were completely laid to rest. Transportation in and out of the tower went extremely smoothly and with the electrical cars and hired help, there will be no problems getting books up the tower.

We hope that you will help repeat the success and sign up for a booth. We will be most happy to welcome you in Copenhagen, in the magnificent Round Tower!
